Innovations and Examples of Good Practice by the Seniors' College at Chemnitz University of Technology

Innovations and Examples of Good Practice

- **Educational excursions** after lectures
- **Livestream-transfer** of lectures via Internet
- **Video telephony** (Skype) in the lecture hall
- **Feedback-Apps** on smartphones of the participants in lecture hall
- **Work groups**
 - Technology / Product optimisation
 - Politics
- **Cross-generational learning**
Seniors' godparent programme
for international students

Educational Excursions after Lectures

- On site and in practice
- To deepen the knowledge from the lectures
- Local, regional, national and international goals
- E.g. research institutions, companies, cultural and educational facilities, federal state parliaments, EU-Parliament, European Commission etc.

National Environmental Agency Dessau

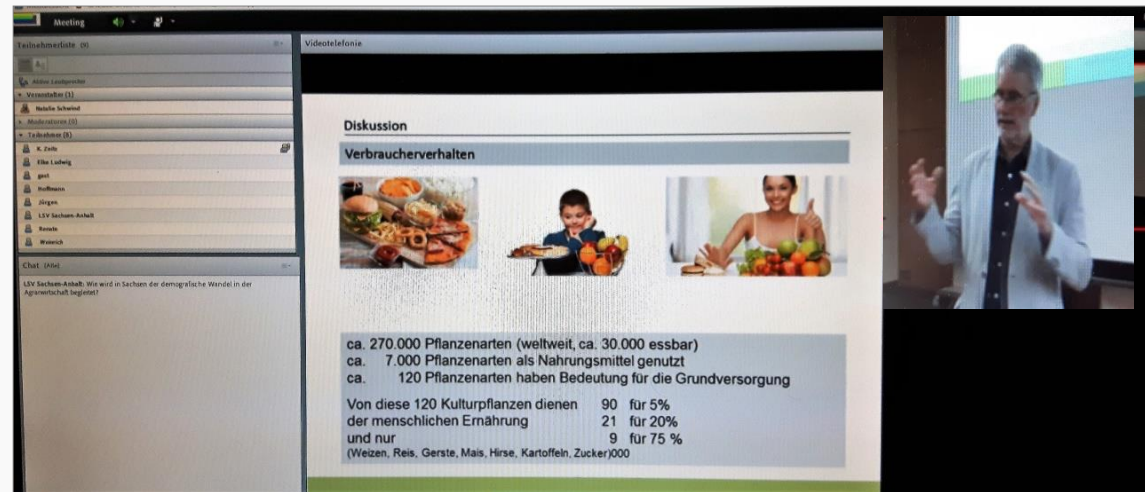

Printing Centre „Freie Presse“

Castle Pillnitz

Livestream-Transfer of Lectures via Internet worldwide

- Especially for people with limited mobility and in rural areas
- Preferred use in groups, e.g. in meeting centres, generational meeting places, retirement homes
- Expression of opinion and discussion with the lecturer via chat

Diskussion

Verbraucherverhalten

ca. 270.000 Pflanzenarten (weltweit, ca. 30.000 essbar)
ca. 7.000 Pflanzenarten als Nahrungsmittel genutzt
ca. 120 Pflanzenarten haben Bedeutung für die Grundversorgung

Von diese 120 Kulturpflanzen dienen	90	für 5%
der menschlichen Ernährung	21	für 20%
und nur	9	für 75 %
(Weizen, Reis, Gerste, Mais, Hirse, Kartoffeln, Zucker)000		

Chat (10):

LIV Sachsen-Anhalt: Wie wird in Sachsen der demografische Wandel in der Agrarwirtschaft begegnet?

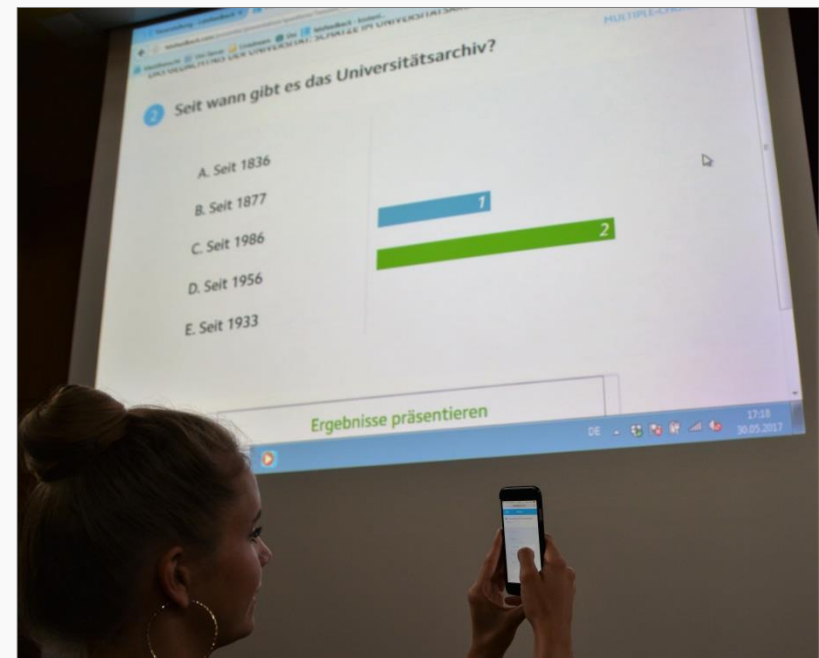

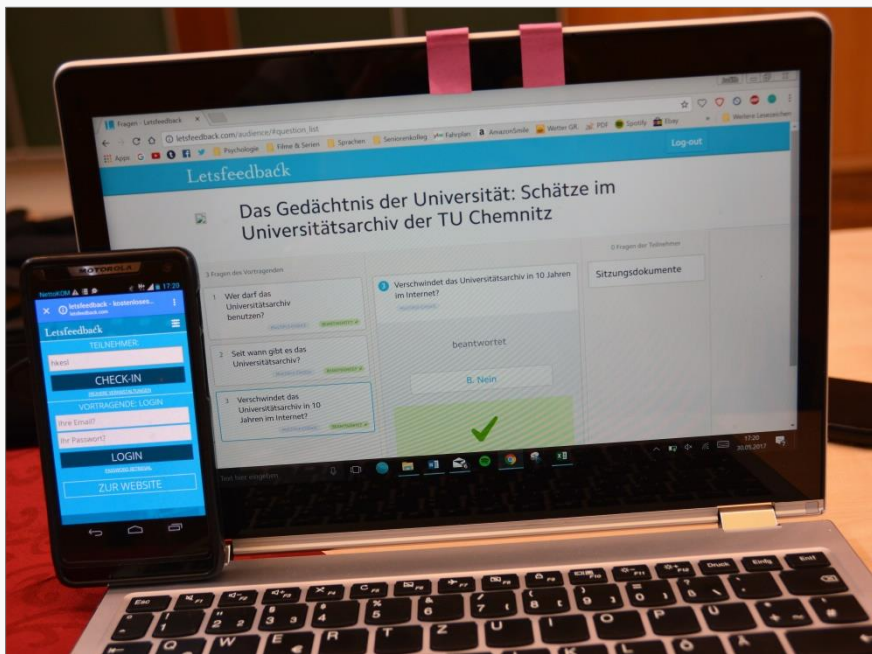

Use of Video Telephony (Skype) in the Lecture Hall

- To transmit lecturers from far away places, that
 - Had to cancel on short notice (because of illness or conflicting schedule)
 - Are special “VIPs”
(„Very Important Persons“)
- PowerPoint presentations on two big presentation areas

Use of Feedback Apps

- On the smartphones of the participants in the lecture
- With immediate presentation of answers to questions and opinions

Work Grup Technology / Product Optmisation

- Further development of kitchen technology and kitchen furniture up to patent application
- Cross-generational cooperation of seniors/participants of the Seniors' College, students, researchers of the TU Chemnitz and employees of companies (Haettich KG)

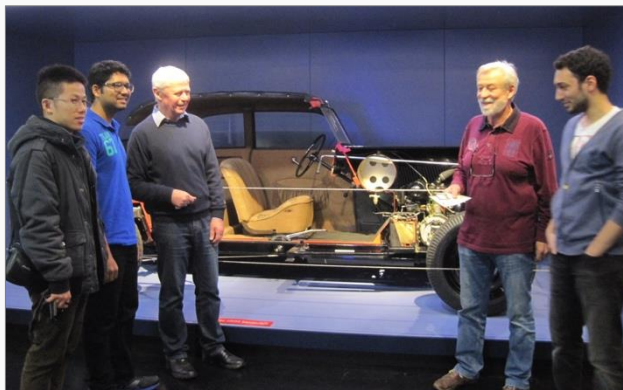

Work Group Politics /Panel Discussions with Politicians

- Evaluation of current political events
- Analysis of election programmes of big parties in the German Bundestag
 - Presentation in event of the Seniors' College in front of 700 participants with discussion
 - Relaying of competent, neutral and comparing information to aid the individual vote

Cross-generational learning in the Seniors' Godparent Programme for International Students

- Support of 20 international students outside of Europe, e.g. India, China, Pakistan etc. by 10 seniors
- Mutual familiarization of cultures and acquisition of intercultural competences
- Improvement of language skills in German and English
- Joint events, educational excursions etc.

Participants and Students as Lecturers

Student of
Psychology
